## *Bath Pod*

USD PRICING | **JUNE 2025**

Today's intrepid travellers are seeking to check out of stuffy hotel rooms and check into stunning landscapes and authentic experiences. Glampers, with their itchy feet, thirst for adventure and the great outdoors, want to shake off the everyday and get out of their comfort zones – but there's one comfort they're reluctant to leave behind. That's where our Bath Pods come in.

Bathrooms are rooms that signify luxury and 'me-time' in today's world. We've taken that thinking to offer guests the chance to bring life's luxuries along on the journey with them. Your Eco Tent can be upgraded with one of our three Bath Pod choices:

- P1
- P2 UAT
- P3

The Bath Pods are finished in our **light, mid or dark** tone ranges, perfect for any location and project specifications.

Attention to detail is found in our material selections:

- Lightweight steel
- Gypsum Plasterboard
- Floor and Wall Tiles
- Water proofing
- Plumbing and electrical
- Bathroom fitted with toilet, shower screen, mirror, brassware, cabinetry, accessories and all featured fittings in plans.

#### EASY MAINTENANCE

Bath Pods are installed with a service duct allowing for easy maintenance.

#### FIXED PRICE

A fixed price on every Bath Pod and finishes so there will be no surprises.

#### LESS WORK ON SITE

The project manager is able to deal with only one contractor instead of the traditional 10 suppliers and sub contractors.

#### TIME SAVING

Using Bath Pods reduces the overall build program of the project and allows for fast installation on site.

# Worldwide Shipping

Our Bath Pods can be shipped worldwide in high cube 40ft shipping containers. They are fully finished, tested, and ready for installation on traditional construction sites.

Designed for simple on-site connections to water, drainage, and power mains, they minimize on-site waste and reduce the need for contractors and trades. To complete the external component of your Bath Pod, simply add a canvas wall or cladding.

## HOW MANY BATH PODS CAN FIT IN A 40FT HC CONTAINER?

Our Bath Pods are able to be shipped around the world in 40ft HC shipping containers. They are fully finished and tested, read to be installed into a traditional construction site. Bath Pods designs can accommodate for universal access unit (UAT).

**3x**

PD Bath Pods fit into x1 40FT HC Container

# Next Steps

The above timeline is based on a typical Eco Structures project. Actual timelines may vary depending on project complexity, local regulations, and other factors.

As each custom packing and shipping request is unique, so too is each estimate. Freight estimates are not guaranteed until 30 – 45 days prior to delivery and may vary based on confirmed weight, dimensions, date, and other pertinent information.
