

Eco Structures Drawing Review

Using eDrawings Viewer

eDrawings Viewer is a free, read-only CAD viewing application that allows users to open 3D models and assemblies, rotate, zoom, inspect components, and review exploded views without modifying the design data.

Instructions	
Download App	<ol style="list-style-type: none">1. Open your web browser2. Go to: https://www.edrawingsviewer.com3. Select the version for your operating system (Windows or macOS)4. Download and install the software following the on-screen instructions
4. Opening the Files	After installation, open eDrawings Viewer and load the supplied .eprt, .easm, or .edrw file by using File → Open or by double-clicking the file.
5. Basic Navigation	<ul style="list-style-type: none">- Rotate model: Left mouse button + drag- Pan: Middle mouse button + drag- Zoom: Mouse scroll wheel- Show/Hide components: Feature tree- Exploded views: As provided in the file
6. Use Limitations	The 3D models are provided for reference only. All fabrication, procurement, and construction must be based on issued PDF drawings and written specifications. 3D models are not contractual fabrication documents.
7. Intellectual Property & Confidentiality	All drawings, 3D models, and associated files remain the exclusive intellectual property of the Contractor. The Client is not permitted to copy, modify, distribute, or share these files with third parties without written authorization. Unauthorized use may result in legal action.

For assistance opening or reviewing the files, please contact Renan Senger - renan.senger@wabisystems.com.au
